

Ohio Revised Code

Section 1567.47 Qualifications of persons in charge of hoisting engine.

Effective: October 29, 1995

Legislation: Senate Bill 162 - 121st General Assembly

The owner, lessee, or agent of a mine worked by a shaft or slope, shall put only experienced, competent, and sober persons in charge of an engine used for lowering into or hoisting out of such mine persons employed therein.

No owner, lessee, agent, or operator of a mine shall violate this section.
